PROFESSIONAL SUMMARY

Motivated final-year BSc Information Technology student at North-West University with a strong interest in software development, database management, cybersecurity, and technology solutions. Experienced in developing academic and personal projects using programming languages, databases, web technologies, and networking tools. Passionate about learning new technologies and applying technical skills to solve real-world problems.

EDUCATION

North-West University (NWU)

Bachelor of Science in Information Technology (BSc IT)

Final-Year Student

Relevant Coursework:

Database Systems, Software Development, Artificial Intelligence, Computer Networks, Cybersecurity, Systems Analysis and Design, Web Development

TECHNICAL SKILLS

Programming Languages:

C#, Python, Java, SQL, HTML/CSS, JavaScript (Basic)

Database Technologies:

Oracle SQL Developer, SQL Server, Database Design, ER Modelling

Software Development:

ASP.NET Web Forms, Visual Studio 2022, GitHub, Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC)

Cybersecurity & Networking:

Kali Linux, Nmap, Wireshark, Cisco Packet Tracer, Network Fundamentals, Vulnerability Testing Basics

PROJECT EXPERIENCE

FreelanceFlow – Freelance Marketplace System

Technologies: ASP.NET Web Forms, C#, SQL Server

- Developed a marketplace platform connecting freelancers and clients.
- Implemented authentication, dashboards, ratings, and database-driven features.
- Designed relational database structures and managed data relationships.

MayFareExplorers Museum Database System

Technologies: Oracle Database, SQL

- Designed a database solution to replace manual museum record management.
- Created ER diagrams, relational models, and database structures.
- Applied database design principles and SQL development.

Network Design Project

Technologies: Cisco Packet Tracer

- Designed a business network infrastructure using networking principles.
- Implemented VLANs, security configurations, and network segmentation.
- Configured switches and studied secure network communication.

CYBERSECURITY EXPERIENCE

- Built a personal cybersecurity learning environment using Kali Linux.
- Practiced network scanning using Nmap.
- Analyzed network traffic using Wireshark.
- Studied ethical hacking concepts, web security, and vulnerability assessment.

ADDITIONAL LEARNING

- Cybersecurity Self-Study (Kali Linux, Networking, Ethical Hacking)
- Programming and Technology Online Courses
- GitHub Portfolio Development

SOFT SKILLS

- Problem-solving
- Team collaboration
- Communication skills
- Time management
- Adaptability
- Continuous learning

CAREER OBJECTIVE

Seeking an opportunity as a Software Developer Intern, Junior Developer, Database Intern, or IT Graduate Trainee where I can apply my technical skills, gain industry experience, and contribute to innovative technology solutions.
